HB 137 - SB 267

February 27, 2013

SUMMARY OF BILL: Reduces, from 30 to 15, the number of days from the beginning of the school year that a school has to conduct an additional fire drill. Requires one intruder drill to be conducted within the first 30 days of the school year, and three additional safety drills to be conducted throughout the school year. Declares that any additional drills conducted may include a drill for inclement weather, earthquake, intruder, or other emergency drills that do not require a full evacuation.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- The current statutory requirement that a school conduct one fire drill each month is unchanged.
- No fiscal impact on local expenditures to change the number of days that a school has from the beginning of school operation to conduct an additional fire drill.
